Propane forklifts.  
It's like giving your business a 50¢-per-gallon raise.

You know how powerful propane forklifts are. They work longer. Burn clean. And they perform indoors or out, inclines or declines, rain or shine. Plus, through the Safe, Accountable, Flexible and Efficient Transportation Act of 2005, you may be eligible for a 50¢-per-gallon tax credit. Which means that not only will your propane forklift help the environment, it'll help your bottom line. To learn more, visit [usepropane.com/fuelcredit](http://usepropane.com/fuelcredit).

Propane forklifts.  
Cleaner, greener and ready for tomorrow.

You know how dependable propane forklifts are. You might even know they cost less to maintain. But, did you know that propane forklifts already meet the clean air standards of the future? Well they do. So you can feel confident that propane will continue to meet the standards of tomorrow as well as the high standards you place on it everyday. To learn more, visit [usepropane.com](http://usepropane.com).
